BubbleJet Pigment:	no
Piezo Dye:	depends on printer
Piezo Pigment:	no
Piezo Öl:	no
Piezo Eco Solvent:	no
Piezo Solvent:	no
Flameretardant:	no

### Compatible Printer

HP 2000/3000/5000/5500 with dye-ink  
Encad all models with dye-ink  
Epson all models with dye-ink  
Roland all models with dye-ink  
Mutoh all models with dye-ink

### Description:

EMBLEM SPHGL3 is a white, semimatt inkjet photobase paper for dye-based ink applicable to bubble jet printers and a small range of piezo-printer (as mentioned on the left side) with noble impressions.

This constellation allows prints with the widest colour-range possible.

Specialists appreciate these favourable characteristics to output tones which would not be achievable. The application of SPHGL3 focusses on indoorappliances.

For printing-refinement we recommend EMBLEM cold lamination films as well as EMBLEM Dolam II for self-adhesive equipment.

To avoid fingerprints it is advisable to wear cotton gloves.

### Typical Applications:

CAD: Renderings  
Decoration: POS  
GIS: Maps  
Large Format Pictures: Photos/Poster  
Trade Fair Building: Stage Sets  
Billboard: Display/Signs  
Proof/Prepress: Presentations/Proofs
